YEAR 1 (NEW HIRE): \$48K - \$59K*

I began at a regional accounting firm in South Bend, Indiana after graduating from the University of Notre Dame.

YEAR 2 (SENIOR ASSOCIATE): \$55K - \$75K

I was promoted to Senior Staff and found my key interest in performing benefit plan audits. I taught benefit plan audit training to employees of all levels at my firm.

YEAR 2

My first child was born, thus starting my second career as a single mom at the age of 22.

YEAR 5 (MANAGER): \$83K - \$122K

I was promoted to Manager and traveled abroad, continuing to develop my deep benefit plan industry expertise. I also married my husband and had a second child, a son. Soon after he was born, I began a flexible work arrangement, which reduced my hours with the firm and gave me more time with my family.
